

# TABLE OF CONTENTS

<b>INTRODUCTION</b> .....	v	Iceland.....	III.253
<b>OIL OVERVIEW</b> .....	vii	Ireland.....	III.266
<b>PART I: EXPLANATORY NOTES</b>		Israel.....	III.280
1. Definitions of products and flows .....	I.3	Italy.....	III.294
2. Technical notes: oil supply and demand definitions .....	I.11	Japan.....	III.308
3. Sources and notes.....	I.15	Korea.....	III.322
4. Geographical coverage.....	I.17	Latvia.....	III.336
5. Recent data revisions.....	I.21	Luxembourg.....	III.349
		Mexico.....	III.362
<b>PART II: WORLD AND OECD OIL DATA</b>		Netherlands.....	III.376
World energy balance.....	II.2	New Zealand.....	III.390
OECD Total energy balance.....	II.3	Norway.....	III.404
World oil demand.....	II.4	Poland.....	III.418
World crude oil and NGL production.....	II.6	Portugal.....	III.432
World refinery output.....	II.8	Slovak Republic.....	III.446
World supply to international marine bunkers.....	II.10	Slovenia.....	III.460
World supply to international aviation bunkers.....	II.11	Spain.....	III.473
World trade of crude and products.....	II.12	Sweden.....	III.487
Share of oil in OECD energy mix.....	II.20	Switzerland.....	III.502
World demand by main product groups.....	II.21	Turkey.....	III.515
World demand by main product groups ( <i>kb/d</i> ).....	II.44	United Kingdom.....	III.529
		United States.....	III.543
<b>PART III: DETAILED OECD OIL DATA</b>		<b>Country notes</b> .....	III.557
OECD Total.....	III.2	<b>Abbreviations and conversion factors</b> .....	III.577
OECD Americas.....	III.16	<b>PART IV: OIL PRICES</b> .....	IV.1
OECD Asia Oceania.....	III.30	<b>PART V: HISTORICAL TIME SERIES FOR OECD COUNTRIES</b>	
OECD Europe.....	III.44	Production.....	V.2
IEA Total.....	III.58	Net imports.....	V.6
Australia.....	III.72	Refinery input.....	V.12
Austria.....	III.86	Gross refinery output.....	V.14
Belgium.....	III.100	Gross consumption by product.....	V.16
Canada.....	III.114	Consumption in transformation.....	V.30
Chile.....	III.128	Energy industry own use.....	V.32
Czech Republic.....	III.142	Final consumption.....	V.34
Denmark.....	III.156	Consumption in transport.....	V.36
Estonia.....	III.170	Consumption in industry.....	V.38
Finland.....	III.183	Consumption in other.....	V.40
France.....	III.197	Use of biogasoline/biodiesel for blending.....	V.42
Germany.....	III.211	Consumption of fuel oil according to sulphur content.....	V.48
Greece.....	III.225	Oil supply per unit of GDP.....	V.49
Hungary.....	III.239	Oil supply per capita.....	V.50
		Share of oil in OECD CO <sub>2</sub> emissions.....	V.51
		OECD Economic Indicators.....	V.52
